YOUR STRONG, LOCAL VOICE

FOR THE NEW FARNHAM AND BORDON CONSTITUENCY

From Greg Stafford
your local Conservative candidate

GENERAL
ELECTION:
THURSDAY
4 JULY

GREG IS THE ONLY CANDIDATE WHO UNDERSTANDS THE NHS

As well as being an NHS Director, Greg and his wife Caroline, raise thousands of pounds for charity each year, including for the Royal Surrey County Hospital Charity (Pictured after finishing the Farnham 50 Mile Bike Ride - July 2023) INSET: Greg's family shop in Haslemere

Greg has spent his career in healthcare, driving better care for patients, medical innovation and improving safety, while saving taxpayers' money. His top priority is to expand and improve access to healthcare locally.

I have a wealth of connections to the constituency, with family ties tracing back over a century in Haslemere, where my father's family were proud owners of Staffords sweet shop,

My mother's parents fled the USSR and fascist Germany and fought for Britain in World War 2. Arriving locally with nothing, Gran nursed, while Grandad built a business. They raised their children to work hard, and play a full part in society. Now my

wife and I are proud to raise our two daughters, with these same values.

It was these experiences that my family faced, that shaped my own political values: individual freedom, meritocracy, hard work, care for our countryside, and self-reliance within a framework of law and tradition. These are the only ways to generate the economic growth on which a reasonable level of taxation can be levied to support public services and the most vulnerable in

“

My priorities are improved local GP and NHS dental services, increased police presence, and building better infrastructure - schools, roads, leisure facilities - before more houses are constructed.

society. What I'm proud to call traditional common-sense conservatism.

Whilst we've been through some tough times recently, things are improving and I'm optimistic about Britain's future. And I know that only a Conservative government will deliver a strong economy, better public services and education for our children, safer streets, and appropriate housing.

If you support these values, and my plan of action, please vote for me on 4th July.

Clear plan. Bold action. Secure future.

REAL ACTION ON SHOPLIFTING IN FARNHAM

Protecting Farnham residents and businesses from crime is one of Greg Stafford's key priorities as our potential Member of Parliament, so he has been working closely with Surrey Police to tackle the scourge of shoplifting.

Greg has campaigned for increased police patrols and arrests, and support for shops like Elphicks to secure themselves against theft. The prospective MP met with the Elphicks team recently to discuss Surrey police's help in tackling shoplifters.

Operations manager Liz Flanagan

said, "I attended a police event and spoke up about Elphicks. Surrey officers responded by carrying out a training session to help our staff protect themselves, learn how to spot shoplifters and how to report the incidents effectively. Our staff found this useful and as a company we have added additional CCTV measures and now report incidents that occur".

Greg has successfully lobbied our two Police & Crime Commissioners, and the Policing Minister to set up police shoplifting taskforces across our area.

Greg met with the Elphicks team recently to discuss the police's help in tackling shoplifting.

"I'm backing Greg because he is the only candidate who truly understands the healthcare challenges we have and who has a plan to sort them out. His NHS background will be essential in Parliament as we fight to open more GPs and NHS Dental surgeries."

Dr Dami Sogbesan, Local Grayshott GP and resident

"Greg understands local businesses and the need for better local facilities. Due to the Conservatives' economic plan, my business has thrived. A vote for Greg will mean higher employment, a stronger economy and a secure future."

Dayne Cartwright, local employer, and Bordon resident

our plan

Wo
for

1

EXPANDING LOCAL HEALTHCARE

Improving access to GP and dental services is my top priority. Since 2019, the Conservatives have delivered 50 million extra GP appointments but with demand high, more needs to be done! So Farnham and Haslemere hospitals need to expand and Bordon needs a proper health hub.

2

PROTECTING OUR NATURAL ENVIRONMENT

We are lucky to be surrounded by green spaces, AONB, and National Parks. So we must prioritise brownfield sites for development, recalculate our housing targets and get Lib Dem-run Waverley to sort out their failed planning department. Then we need to tackle all forms of pollution.

3

REAL SUPPORT FOR FAMILIES AND WORKING PEOPLE

We will support families by giving working parents, with young children, 30 hours free childcare by 2025. The Triple Lock gave pensioners an 8.5% rise this year. The new Triple Lock Plus, means the state pension will never be taxed. And we have been able to reduce National Insurance by £900 on the average wage.

STILL TIME TO SIGN GREG'S PETITION TO SAVE BORDON TIP!

If you live in East Hampshire, Greg needs urgent support to save the Bordon Recycling Centre!

Hampshire County Council is considering whether to keep this vital community resource open. Please scan the QR code (right), to join the thousand people who have already signed Greg's petition.

Working alongside Conservative colleagues from Hampshire County and East Hampshire District Councils, Greg is rallying the fight for the preservation of the local recycling centre.

Its closure would inconvenience thousands of residents in the area and could also lead to a surge in flytipping, causing harm to the environment and community. This essential service must not be taken away.

Greg said: "By signing my petition today, you can join us in opposing the closure of the Bordon recycling centre and ensure that our voices are heard loud and clear!"

Let's stand together to protect our environment, our community and our future".

Greg Stafford's petition is only one of the many campaigns Greg is running to improve local infrastructure across our area.

Working together to deliver the Farnham & Bordon area

4

NO MORE HOMES WITHOUT BETTER INFRASTRUCTURE

We need affordable homes for local families, but often schools, GP surgeries, roads and leisure centres aren't built to support them. We've just got a new banking hub in Haslemere, and one coming in Bordon. Now we need the Edge to reopen to the public and more youth facilities.

GREG STAFFORD
- NHS DIRECTOR,
CRIME FIGHTER,
MP?

Farnham Herald
headline, Oct 2023

5

MORE POLICE TO TACKLE CRIME

I've worked with our Police & Crime Commissioners to ensure that the 1000 extra police officers in our area, proactively tackle crime and antisocial behaviour in town centres, support businesses to report and catch shoplifters, and reduce reckless driving through the villages.

'I will stand up for, not talk down, Bordon,' says Conservative parliamentary candidate Greg Stafford

Bordon Herald,
May 2024

6

FIXING ROADS & IMPROVING LOCAL TRANSPORT

Our County councils must use the Government's pothole fund to fix our roads. I'm delighted that the Headley Road is being resurfaced in Grayshott but this is just the start! The Wreclesham bypass must go ahead. I will continue to urge Stagecoach to deliver the 18 bus service and a rail-link bus.

"Mr Stafford... is thoughtful, modest and impeccably well-mannered... He has already begun campaigning for better transport links"

Letter from local resident,
Haslemere Herald, November 2023

HASLEMERE BANKING HUB SUCCESS WITH NEW ONE COMING TO BORDON!

Access to cash and banking facilities is vital for local businesses and a thriving local economy, and Greg is campaigning for further hubs across our constituency.

Whitehill & Bordon is set to benefit from a new banking hub, as announced by Link, the UK's cash access and ATM network. This hub will be the first of its kind in Hampshire. The initiative follows a strong campaign by Greg Stafford and others advocating for improved banking services in the new Farnham & Bordon constituency.

The hub will provide a shared space where customers can perform regular banking transactions. It will also feature private areas for consultations with community bankers from various banks, available on a rotating basis.

Inspired by the success of the similar hub in Haslemere, the team is keen to expedite the project. Greg will work closely with East Hants District Council to finalise the hub's location. Greg is also keen to bring further banking hubs to Farnham and Liphook as soon as possible.

CLEAR PLAN

BOLD ACTION

SECURE FUTURE

The world is growing more uncertain. From the impact of the pandemic to war in Europe and the Middle East, you and your family deserve a secure future.

So we need a government with a clear plan to defend our priorities, protect our country and deliver the bold action that's required.

Rishi Sunak has shown he'll take bold action, even if it's difficult or unpopular – from supporting families with furlough and getting inflation back to normal to changing how we'll get to Net Zero.

» Cutting National Insurance by a third, with the long-term ambition to end this unfair double tax on work

» Protecting pensioners' incomes with the Triple Lock Plus, so everyone has dignity in retirement

» Doubling free childcare, so parents never have to choose between work and family

» Changing how we get to Net Zero, so we protect our environment without making you pay more

» Securing our borders, working with our international allies and stopping the boats with our Rwanda plan

» Spending 2.5% of GDP on defence by 2030, and securing more opportunities for young people with a new model of National Service

Keir Starmer needs you to vote Lib Dem

Keir Starmer knows that if people like you vote for the Lib Dems, he'll get the support he needs in parliament to do whatever he wants. That's because the Lib Dems are on board with whatever Starmer wants to do.

So a vote for the Lib Dems locally will give Starmer a blank cheque to raise your taxes, force through Angela Rayner's French-style union laws, apply National Insurance to pensions and introduce a national ULEZ and a pay-per-mile road tax, just like in Labour London.

Promoted by Alan Mabbutt on behalf of the Conservative and Unionist Party, both at 4 Matthew Parker Street, London, SW1H 9HQ

Rishi Sunak has a **CLEAR PLAN** and will take the **BOLD ACTION** needed to deliver a **SECURE FUTURE**
